SERIES OF SERVICES BY DR. GOODSPEED ENDED

The series of services which Dr. Goodspeed came to Hawaii from Oakland to conduct came to a close last with what the people who have attended the services consider his strongest sermon yet delivered here.

Dr. Goodspeed chose for his text, "The Modern Coward," in which he set forth that moral cowardice is worse than physical cowardice. He spoke of the modern coward as being the man who is unwilling to take all the consequences of doing right, the politician who fears to be a statesman, the business man who shrinks from giving a square deal, and the man who keeps God from having the control of his life.

PLANS READY FOR Y. M. C. A. WORK

The fall work for the employed members of the boys department of the Y. M. C. A. will start on Friday, Sept. 13. This department under the direction of R. M. Cross, has many plans outlined for the work of the coming year and at a banquet on Friday night everything pertaining to the work of this department will be put into shape. The night school will start on October 11 and in order to accommodate the increased number of applicants who have applied for admission, many new features are being introduced and the class-room space enlarged.

The association is now on the lookout to secure vacant lots for the purpose of carrying out their plan of garden project, which will be introduced to the boys for the first time. This project will be for the purpose of giving the members of the boys department a course in agriculture. Divided into groups, the members of each group will have their own garden, will plant and raise their own produce and in the fall prizes will be given to those who have grown the best things. As this plan has been tried for several years on the mainland and has always proved successful, it is the opinion of those who have charge of it that it can be handled in a very satisfactory manner by the association here.
